## PEACE PROSPECTS INFLUENCE NEW YORK STOCK MOVEMENTS

Oils and Rails Are in Good Demand and Score Substantial Advances—Copper Issues Active and Higher. Steel Industrials Decline

New York, Oct. 14.

The stock market early today continued to be influenced wholly by prospects of approaching peace satisfactory to the American standard. The news carried in yesterday's paper of the new German proposition was without influence in changing the attitude either of financial or industrial leaders, and in all quarters the proposition was taken as a simple offer of another scrap of paper.

Oil stocks continued to climb in a violent manner. Mexican Petroleum moving up nearly 7 points to 1263½, and Texas Company advancing 6½ points to 183.

The railroad stocks, which also hold a high place in the peace class, were steadily bought, and the offerings of those stocks were few in number and small in amount.

Union Pacific advanced 1½ to 131½, and Southern Railway, the favorite low-priced issue, moved up 1½ to 30½ during the forenoon.

Missouri Pacific was unusually active, advancing 5½ to 25¾. There was good buying of Baltimore and Ohio, which rose more than 1 point. Reading and Canada Pacific were steadily bought by strong interests, and there was steady accumulation of many issues like Southern Pacific, and New York Central.

The copper stocks were more active than they have been for some time. American Smelting and Refining advanced 2½ to 80 and Anaconda 1½ to 70½.

Steel industrials were in supply at concessions during the first hour, when United States Steel common sold down to 106½, but it later rallied to 107½.

CORN MUCH LOWER,  
DUE TO HEAVY SALES

Market Is Influenced by Belief That German Reply Is Step Toward Peace

COTTON BELT WEATHER FORECAST

New York, Oct. 14.—The following temperatures were recorded in the cotton belt this morning:

Fort Smith, 48; Knoxville, 52; Nashville and Little Rock, 51; Atlanta, 56; Memphis, 53; Birmingham, 53; and Shreveport, 60; San Antonio, 55; El Paso, 55; Denver, 55; and Thomasville, Charleston and Savannah, 63; Pensacola, 70; Galveston, New Orleans, 72.

There was .01 inch of precipitation at Wilmington, .07 at San Antonio, .39 at El Paso, .26 at Atlanta, and .46 at Montgomery.

Chicago, Oct. 14.

Heavy selling, influenced by a belief that the German Government's reply to President Wilson's note of inquiry was a step toward peace, broke the corn market sharply this morning.

Liverpool was a moderate buyer, as was spot corn and Wall Street was firm.

After the call corn market was firm, with prices about 25 cents net higher.

A decline late in the forenoon carried prices 4 or 5 points under last Friday's closing figures, with December selling at 30½ to 31½ points under the high of the morning.

Montana—Unsettled and cooler, tonight.

Wyoming—Part cloudy tonight and Tuesday.
